Twinkle, Twinkle, Little Star

It's never too early to teach a child that diamonds are a girl's best friend. So begin that lesson with glamorous new accessories for babies from Angara, purveyors of the finest diamonds and jewelry.

Shower your favorite little princess with Angara's sparkling gifts – like a gorgeous star- or heart-shaped pendant or pair of earrings and an adjustable bangle bracelet (also available for a little prince) adorned with a gold heart or star.

Each piece is available in eighteen-karat white or yellow gold and is set with a single, hand-selected diamond that will make the most grown-up princesses envious.

Angara's three-piece jewelry line for babies is designed for your tot's safety and made from nickel- and allergy-free metals. Earrings include clear, rubberized backs so your little one can wear diamonds to sleep without discomfort.

To commemorate a birthday or holiday, the bracelet can also be engraved.

A portion of the proceeds from the baby jewelry sale is donated to SOS Children's Villages, an international organization focused on the well-being of neglected, abandoned, and orphaned children throughout the world.

Sparkle, baby! Sparkle!
